

A break from the routine workshop, each Mother's Day Roy rewards the moms in the foundation for their dedication to the program by surprising them with a day of pampering!

This year, the mothers had a full day of surprises, including a delicious breakfast, courtesy of Bread Winner's Café, and four luxury spa treatments at Hiatus Spa + Retreat. In addition to spa indulgences, mothers were also gifted personalized Aveda gifts from Hiatus Spa + Retreat, and an eco-friendly gift pack with items from Whole Foods, TIGI Linea, and FatCat jewelry. After the spa, it was off to The Porch where mothers dined on a three course lunch. The final presentation included a pair of designer shoes from Gregory's at the Galleria mall.

While the mothers were enjoying an afternoon about town, their children spent the morning constructing handmade gifts and personalized cards for their moms and then headed off to an afternoon of fun, where they enjoyed lunch and an unlimited play pass at SpeedZone Dallas. At the end of the day, the mothers were given a warm welcome by their children, who presented their moms with their custom gift basket and card.
