The Safety Net Foundation Welcomes Home the Troops

On Saturday, January 24th, The Roy Williams Safety Net Foundation Moms, staff, and volunteers were proud to welcome home members of the armed forces as they returned home from their service in Iraq and Afghanistan. Approximately 157 soldiers were welcomed home with colorful signs, resounding applause and words of praise. Thank you to all the moms, children, and volunteers that were able to celebrate the return of the service men and women who protect our freedom. Every day, one flight of returning soldiers lands at DFW Airport and the warm welcome provided by volunteer greeters begins the troops' visit on a high note. For more information on how you can greet the next group of soldiers, please visit www.dfwairport.com/heroes/.

Express Employment Professionals Workshop

The Roy Williams Safety Net Foundation has developed a specific curriculum for program participants. The curriculum is shared with the mothers in monthly workshop attendance, which is a requirement to maintain eligibility. Workshop topics fall under the three core educational targets: Education, Civic Mindedness, and Health and Wellness.

The workshop for January focused on interviewing and resume skills. Ms. Kelly Church of [Express Employment Professionals](#) shared beneficial information including suggestions for interview attire and tips on writing an effective resume. The attendees were allowed to role play and ask specific questions that will give them the skills and confidence necessary to pursue their future career goals. We would like to extend a warm thank you to Ms. Church and Express Employment Professionals for facilitating such an informative and insightful workshop.

Crystal Darkness

On January 12th, Roy hosted a special watch party for middle and high school children to see the historic airing of the [Crystal Darkness Oklahoma](#) documentary. Roy came up with the idea for the watch party while attending The Roy Williams Safety Net Foundation sponsored Crystal Darkness benefit at Oklahoma City's Leadership Square. Roy felt compelled to do something extra to ensure that children, who soon may be tempted with drugs, are shown the negative impact methamphetamines can have on their lives. The documentary focuses on the dangers of meth, and its impact on the citizens of Oklahoma. The Crystal Darkness campaign was co-chaired by Oklahoma First

Lady Kim Henry and Burbridge Foundation President Wes Lane.
